How many great ideas are just waiting to come to life in your business?

Maybe you have ideas about expanding or streamlining your business. Or maybe you want to create new products, programs or services.

You know what you want to achieve and you can visualize the outcome. What you can't figure out is how to get started. So how do you take that first step to bring your ideas to life?

With a 30-Day Strategy Intensive!

For small business owners, managers and executives who want to:

- bring one big idea to life
- plan multiple ideas / projects, or decide which ones are feasible
- scale the business while maintaining minimal overhead
- build customized planning templates for project-based businesses
- take action on the right opportunities that will take your business to the next level!

Over 30 days, we'll work together one-on-one through weekly calls and emails. We'll start by gaining clarity around your idea(s) and how it can get you from where you are now to where you want to be in your business or organization.

At the end of this process, you'll know exactly what needs to be done and be well on your way to making it happen with:

- a detailed action plan(s) that is easy to follow and contains all the information you will need to turn your idea(s) into reality, including: clearly defined end result and purpose; budget and cost breakdown; schedule and task lists; comprehensive list of resources required to get the work done; team communications strategy... and more!
- systems setup (as needed)
- an official kickoff to put the plan(s) into action!

ALSO INCLUDED:

- **an additional 30 days of support** for email / chat communication, troubleshooting and status meetings (as needed)
- **one follow-up session** to look at what went well, what didn't go as planned and evaluate the effectiveness of the strategy
