

# 90-Day Strategy Intensive

Starting at  
\$5,000 / month\* (CAD)

*\*Payment plan available*

How many great ideas are just waiting to come to life in your company or organization?

Maybe you have ideas about how to improve productivity and streamline your operations. Or maybe you want to create new products, programs or services.

You are ready for change and growth. What you're struggling with is how to get started. So how do you take that first step to bring your ideas to life?

With a 90-Day Strategy Intensive!

## **For executives, managers and small teams in companies and organizations that want to:**

- bring one big idea to life
- compare and prioritize multiple ideas / projects, or decide which ones are feasible
- plan multiple projects and timelines – ex. quarterly, semi-annually or annually
- implement project tracking systems to improve communication and collaboration
- take action on the right opportunities for change and growth!

I'll start by meeting one-on-one with you (the Executive Director / CEO) to gain clarity around the idea(s) we'll be working on together, and learn more about how the organization currently operates. Then I'll meet the team to do some brainstorming about the work to be done.

At the end of this process, you'll know exactly what needs to be done and be well on your way to making it happen with:

- a detailed action plan(s) that is easy to follow and contains all the information you will need to turn your idea(s) into reality, including: clearly defined end result and purpose; budget and cost breakdown; schedule and task lists; comprehensive list of resources required to get the work done; team communications strategy... and more!
- systems setup (as needed)
- an official kickoff to put the plan(s) into action!

### **ALSO INCLUDED:**

- **an additional 60 days of support** for email / chat communication, troubleshooting and status meetings (as needed)
- **one follow-up session** to look at what went well, what didn't go as planned and evaluate the effectiveness of the strategy
